

DECKS, PORCHES & PATIOS

All *Structures* built shall require a Zoning Permit.

If deck, porch or patio exceeds 30" in height you will be required to obtain a Building Permit (from the City of Stow)

If you extend the roof line of your house you could be required to apply to the Planning Commission for prior approval or a Variance depending on the Zoning District.

Submit plans and Zoning Permit Application to the Zoning Official for assessment

See Ohio Building Code for building details
